

Safe Schools for All

A website for guidance and resources for safely re-opening schools

On this website, you will find a box marked "**Consolidated Framework**". In the consolidated framework, there is guidance for schools, including private schools. In the Appendix 4 on page 49-50 of the **Consolidated Framework**, there is a letter about schools reporting information beginning Monday, January 25, 2021. The letter reviews the information they are collecting. In speaking with the Health Department this morning, I was informed that the link for reporting will be posted on Monday, January 25, 2021.

Directions for reporting:

1. Go to this link: <https://schools.covid19.ca.gov/>
2. Under the section titled "What's New", go to the box titled "Consolidated Framework"
3. Find the letter on page 49 of the Consolidated Framework document,

(Appendix 4) to read about the information the Health Department is requesting.
4. On Monday, January 25, 2021, return to the link <https://schools.covid19.ca.gov/>

to find a link for the reporting.

This information is **not** collected or disseminated through the California Department of Education. The Health Department provides guidance and oversight of all COVID-19 information. If you have further questions or inquiries, the **COVID-19 hotline is #1-833-422-4255**. A live person always answer this number and they have been found to be extremely helpful.
